**Re: Commitment of the University of the Aegean (UAEGEAN) to the "European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers"**

The University of the Aegean welcomes and fully supports the initiative of the European Commission and the recommendation given in the *European Charter and the Code of Conduct for the Recruitment of Researchers*.

Several of the general principles proposed in the Charter and in the Code are already common practice at the University of the Aegean. Nevertheless, the UAEGEAN will make sure that all further initiatives will be in line with the *European Charter and the Code of Conduct for the Recruitment of Researchers*.

We would like to inform you that during the Senate's Council of the University of the Aegean, which took place on 17/03/2011, the principles laid out in the Charter & Code were adopted (Ref No07/17/03/2011 Subject 5.3.).

By implementing the Charter and Code principles the UAEGEAN intends to contribute to the realization of an open and attractive European Labour market for researchers.
